

Call for Posters – Poster Submission

The Royal Society of Western Australia (RSWA) has organised a Symposium for July 27-28 2018, entitled "**Landscapes, Seascapes & Biota: Unique WA - Past, Present & Future**" (see www.rswa.org.au) at The University Club, UWA. The program has been carefully designed in order to (1) present up-to-date reviews on many aspects of the natural sciences in Western Australia in invited keynote papers; and (2) **poster sessions where specific research on any aspect of natural science can be presented.**

RSWA was established from precursor organisations over 100 years ago. The *Journal of The Royal Society of Western Australia* is now at volume 100 and over this time has published some of the fundamental research papers on the natural sciences in Western Australia. (see www.rswa.org.au)

For this year's Symposium, we welcome posters on specific research topics related to the natural sciences in Western Australia.

Postgraduate Students and Early Career Researchers are eligible to participate in the Poster Competition (those with less than 5 years of research work after graduation, not including career interruptions): Refer [RSWA Symposium 2018 Poster Competition.pdf](#).
